

**Would you like to be paid to take part in a citizens' jury?**

**Citizens Juries CIC, a not-for-profit company, is inviting applications from members of the public to take part in an exciting project commissioned by the University of Manchester, the National Data Guardian, and the NHS. If selected, you will be part of a "citizens' jury" – 18 adults from across East and West Sussex who will meet online using Zoom from 13.00 to 17.30 for eight days: from 27 to 30 April, and from 3 to 6 May 2021. We will be able to help people unused to online video-conferencing or who have difficulty accessing a computer.**

**The jury will be given relevant information, and work together to answer important questions about new ways that patient data has been used for the Covid-19 pandemic, and whether that should be allowed to continue into the future. The jury's recommendations will be published and put forward to NHS decision-makers.**

**Interested in taking part?**

**If you are aged 18 or over and a resident of East Sussex or West Sussex for more than one year, you can apply to take part in the citizens' jury. The project promises to be interesting, informative and you will be contributing to decisions on how health and care data is used. You must be available for all eight days and you will be paid £480 if you complete all 8 days. To apply, click the "Next" button on this page and complete the online form by midday on Sunday 21 March 2021. It takes about 5 - 10 minutes to complete.**

**Please do not send an accompanying email or CV; shortlisting will be done using the online survey applications alone. No special skills, education or experience needed. We aim to select a cross-section of adult residents from across Sussex.**

**We will tell you by e-mail whether you have been accepted on the citizens' jury by Friday 9 April. If you have difficulties completing the survey application form, or specific questions about the form or the project, please e-mail: [info@citizensjuries.org](mailto:info@citizensjuries.org).**

**We explain why we collect information from you on this form as you fill it in.**

Pandemic Patient Data Sharing Citizens' Jury Application Form - Sussex

Basic details about you (page 2 of 6)

\* 1. What is your first name?

\* 2. What is your last name?

\* 3. Contact details

Address

Address 2

City/Town

ZIP/Postal Code

Email Address

Phone Number

\* 4. Which of the following best describes where you live?

- city / urban
- suburban

Employment (page 4 of 6)

\* 9. What is your current or most recent occupation?

\* 10. Are you currently employed?

- Yes, I am employed full-time and would take time out of my job to be on the jury
- Yes, I am employed part-time and if necessary would take time out of my job to be on the jury
- I am self-employed / freelance and can decide when I work
- I am unemployed currently and seeking work
- I am retired or a student and not seeking work
- Other (please specify)

\* 11. Eligibility: when the citizens' jury begins, will you be over 18, and have been living in East Sussex or West Sussex for at least a year?

- Yes
- No

12. We collect the information below so we can select citizens who don't have special knowledge or experience that would prevent them from being part of the jury.

Do you...

- work as an IT security or digital health professional?
- have any other conflict of interest that might prevent you from taking part?

If you ticked any of these, please explain briefly. If you are unsure whether you have a conflict of interest, say so, so we may contact you if necessary.

\* 13. We collect the information below so we can select a jury of citizens who together have a range of perspectives that are similar to the public as a whole.

Thinking about your confidential NHS and social care information, please indicate how concerned you are about:

Data being shared unlawfully or accidentally with organisations outside of the NHS and care system.

- I don't know/I haven't really thought about this
- I am very concerned about this
- I am quite concerned about this
- I am not really concerned about this
